

# **AWGA PAYOUT PROCEDURES**

March 2016  
(Reviewed 2/14/2017)

The AWGA 18 hole league play is scheduled from the 2nd Thursday in March through the last Thursday in October. There is also league play available every Saturday throughout the year. The Pro Shop also conducts a 'pot game' on every Sunday throughout the year. The Thursday 'pot game' fee is \$4.00 per person and the Saturday 'pot game' fee is \$3.00 per person and the Sunday 'pot game' fee is \$5.00 a person. (Note: the Sunday game is Men & Women combined) Playing with the ladies on Thursday requires that you get in the 'pot game', however, playing on the weekends, the 'pot game' is optional.

For each game that you enter and pay the fee, \$0.50 is put aside to pay birdie money and on team game days only an additional \$0.50 is put aside for KP payout and the rest is included in the 'pot game' payout. The number of flights (handicap divisions) depends on the number of women playing in that game. Generally the total number of women is split into 3 divisions if more than 20 ladies play, depending on the handicap spread. The goal is try to pay as many women as possible and generally 1/3 of the women are paid. If there are any ties, the money is split.

## **Categories Paid:**

- Low Gross of the field
- Low Net of the field
- Low Gross and Low Net in each flight
- Total putts (if it is a putt count day)

Birdie Money is paid out to those individuals who scored a (gross) birdie on any hole during the game. The birdie pot for the day is split and paid out evenly to each person scoring a birdie that day. If no birdies are scored, the pot money is carried over to the next game.

KP Money pot is split between the 3 handicap flights unless no one in any flight wins the money. If there is no KP winner for a specific handicap flight, the money set aside for that handicap flight is added back into the 'pot game' for that handicap flight.

These procedures do not apply to special events such as Invitational, Home & Home Exchange, Member Guest, Spring and Fall Tournaments.

All payouts are made by the Pro Shop, game winnings will be credited to your Pro Shop account. Birdie and KP money is paid out in cash and can be collected at the Pro Shop.

## **Exception Notes:**

- 1) If you have made a birdie and pick up or don't complete all 18 holes, you are still eligible to receive the birdie payout. You need to play at least 9 holes and DQ yourself for the game, but not the birdie pot. (3/10/11 General Mtg)
- 2) Certain games allow you to be eligible for the payout even if you didn't play all 18 holes; Nassau, F&T, some team games. (11/3/11 Board Mtg)
